### Waste Collections Services

---

#### **F1. RESIDENTIAL COLLECTIONS SERVICES PRICING**

Provide Proposals for collections and disposal of residential solid waste, bulk waste, and recyclables.

Solid Waste Collections proposals must address each of the following:

- Solid Waste Collections Base Rate: monthly fee charged to citizens to include one (1) 90-100 gallon cart collected twice per week
- Additional Solid Waste Cart Fee: monthly fee charged to citizens per additional solid waste cart(s) to be collected on the same day as the base rate cart
- Replacement Solid Waste Cart Fee: one-time charge for the replacement of solid waste carts due to customer neglect or abuse
- Bulk Waste Collection Rate: monthly fee charged to citizens for the collections of bulk waste four (4) times per year
- Pricing structures for each of the above based on a sole collections contract and/or collections contract awarded to the same company as the Landfill contract, as applicable

Recyclables Collections proposals must address each of the following:

- Recyclables Collections Base Rate: monthly fee charged to citizens to include one (1) single stream 90-100 gallon cart
- Additional Solid Waste Cart Fee: monthly fee charged to citizens per additional recyclables cart(s) to be collected on the same day as the base rate cart
- Replacement Solid Waste Cart Fee: one-time charge for the replacement of recyclables carts due to customer neglect or abuse
- Implementation schedule and fee structure for each of year proposed for implementation. Fees proposed in the final year of implementation shall be the standard rates for subsequent years
- Methods and frequency of collection for each year of implementation. The schedule proposed in the final year of implementation shall be the standard for subsequent years
- Materials to be included and excluded in single stream recycling and the methods of disposal

Solid Waste Collections and Recyclables Collections may be proposed as a combined service, if appropriate. Such proposals must be separate and in-addition-to the requests listed above. Recycling services must be implemented in a maximum of three (3) years. Combined pricing and schedules must address each of the items listed above, respectively, as well as in conjunction with and without the Landfill contract.
