# Addendum Two

**Date:** October 23, 2019

**RFQ No:** ES-06-19 / IDIQ - Professional Services – Engineering Services

**Bid Date:** October 24, 2019 / 2:00 PM Local Time

---

The following clarifications, changes, additions, and/or deletions are hereby made to the RFQ:

Q: For the scope of services requested, where some of scopes are similar, are we able to combine those categories and submit as one instead of 3. For example, could we show Mill and Overlay Design, Street Rehabilitation and Street Reconstruction as one Roadway category, or does the City prefer we respond to those each individually?

A: This is acceptable if the firm feels it is sufficient. Keep in mind that the anticipated work load and qualifications would differ between the three scopes of services listed above.

Q: For the Civil Engineering category, what type of projects does the City anticipate that are outside of the other scope of services listed?

A: Any scope of services outside of the list provided will likely be put out as an independent RFQ.

Q: For Section 10 "Additional Service Offerings," does the City just want a description of the additional service offerings or does the City want consultants to include items required under requested services (i.e. quality of similar projects, scope, etc.) as well?

A: This is the opportunity for the respondents to provide anything they consider essential for the committee to know that has not been covered in the previous sections.

For other questions or clarifications, please contact the Purchasing Division at [SAPurch@cosatx.us](mailto:SAPurch@cosatx.us).

Sincerely,

Nolan A. Sosa  
Purchasing Manager
